Yoke pattern

Knitting instructions :

The sweater is knit bottom-up. Start by knitting the body and both sleeves up to the yoke. The underarm stitches of the body and the sleeves are transferred to pieces of scrap yarn or stitch holders and the remaining stitches of the body and the sleeves are combined on a circular knitting needle to form the yoke which is shaped by simple decreases until the neckline stitches are cast off.

The underarm stitches on the body and the sleeves are grafted together by the Kitchener stitch.

Body :

With a 3.0 mm / 2 US circular needle cast on 238 sts. in color 0051 white. Join in a circle and work rib *k1, p1* for 5 cm / 2.0". In the last round increase by 4 sts, evenly spaced, (242 sts.)
 Change to a 4.0 mm / 6 US circular needle and knit the body. Continue until the body measures 42 cm / 16.5" from the cast on row. Do not knitt the last 5 sts of the last round.
 Set aside and knit the sleeves.

Sleeves :

With a 3.0 mm / 2 US cast on 58 sts. in color nr. 0051 white using double pointed knitting needles. Join in a circle and work 5 cm / 2.0" in rib k1, p1. Change to 4.0 mm / 6 US needles. Knit the sleeves in st. st. In the 8th row increase 1 sts after the first stitch in the row and 1 stitch before the last stitch in the same row. Repeat increases 13 times in every 8th row. (Incrase one stich in the next last rnd. increases in total > 85 sts)
 Continue without further shaping until the sleeve measure 44 cm / 17.3" from the cast on edge.
 Place half of 10 sts on either side of the underarm centre on a piece of scrap yarn or a stitch holder. Set aside and knit the second sleeve in the same way.

Yoke :

Join body and sleeves as follows: With a 4.0 mm / 6 US circular needle using 0051 white, place the last 5 sts and the first 5 sts of body on a stitch holder for the left underarm opening. Knit across the first (left) sleeve. Knit 111 sts from the body to form the front of the sweater. Place next 10 sts of the body on a stitch holder to form the underarm opening for the right hand sleeve. Knit across the second sleeve. Knit the remaining 111 sts of the body. Knit the yoke pattern and the decreases according to the Yoke knitting chart. Change to a shorter circular needle when necessary. When chart has been completed => 132 sts, change to 3.0 mm / 2 US needle, using 0051 white. Knit 1 round decreasing 74 sts evenly spaced => 58 sts. Work *k1, p1* rib for 7 cm / 2.8" . Bind off loosely.

Finishing :

Graft the underarm stitches of the body and the sleeves together. Weave in loose ends. Fold the neckband in half to the inside and slipstitch in place. Rinse the sweater by hand in lukewarm water and lay flat to dry in the right measurements.
